NOTICES AND INFORMATION

PENNSYLVANIA PLAIN LANGUAGE CONSUMER CONTRACT ACT

The Office of Attorney General has not pre-approved any special conditions or additional terms added by any parties. Any special conditions or additional terms must comply with the Pennsylvania Plain Language Consumer Contract Act.

INFORMATION REGARDING SECURITY DEPOSITS

Taking Security Deposits

During the first year of a Lease, a Landlord may not require a security deposit of more than two months' rent. After the first year of a Lease, this amount cannot exceed one month's rent, and any security deposit of more than one month's rent must be returned to the Tenant. If rent is increased during the first five years a Tenant is in a Property, Landlord may require that the amount of the security deposit be increased as well. After five years, the security deposit cannot be increased even if the rent goes up.

Holding Security Deposits

If a Security Deposit is more than \$100, the Landlord must keep the Security Deposit in a special bank account called an escrow account. Landlord is required to tell Tenant the name and address of the bank where the escrow account is located, as well as the amount of the deposit in the escrow account. After the second year of a lease the Security Deposit must be in an escrow account that earns interest. Interest that is earned on Security Deposits belongs to the Tenant, but each year Landlord has the right to keep some or all of that interest up to an amount equal to 1% of the Security Deposit to cover certain administrative expenses. [For example, if a Security Deposit of \$500 is held in an escrow account that earns \$10 of interest in a year, Landlord has the option to retain up to 1% of the Security Deposit amount (\$5) out of that interest.] If the interest earned is less than 1% of the Security Deposit amount, Landlord may keep all the interest, but Landlord can **never** take any money out of the original Security Deposit for administrative expenses. After the second year of a lease, any interest belonging to Tenant must be returned to Tenant once a year on the anniversary of the first day of the original lease term.

Returning Security Deposits

When a lease is ended, Landlord has 30 days to give Tenant a written list of any damage to the Property that Landlord claims Tenant is responsible for. If the cost to repair this damage is less than the amount of the Security Deposit being held, Landlord must return the amount of the deposit not being held back to fix those damages when the list is provided, along with any additional interest that has not yet been paid to Tenant. If damages are more than the amount of the Security Deposit plus interest, Landlord may keep the entire Security Deposit. **Landlord may not keep any of the Security Deposit to cover damages if a list of damages is not given to Tenant within that 30 day period.** If Landlord doesn't return Tenant's Security Deposit within 30 days of the end of the Lease, Tenant may sue and Landlord may be required to pay Tenant up to twice the amount of the portion of the Security Deposit that should have been returned. It is the responsibility of Tenant to give Landlord his/her new address after the Lease is ended. **If Tenant does not provide a new address to Landlord, Landlord is not liable for damages for failing to return Security Deposit monies within 30 days.**

LEAD-BASED PAINT HAZARDS

Lead Hazards Disclosure Requirements

The Residential Lead-Based Paint Hazard Reduction Act says that any Landlord of property built before 1978 must give the Tenant an EPA pamphlet titled *Protect Your Family From Lead in Your Home*. The Landlord also must tell the Tenant and the Broker for Landlord what the Landlord knows about lead-based paint and lead-based paint hazards that are in or on the property being rented. Landlord must tell the Tenant how the Landlord knows that lead-based paint and lead-based paint hazards are on the property, where the lead-based paint and lead-based paint hazards are, and the condition of the painted surfaces. Any Landlord of a pre-1978 structure must also give the Tenant any records and reports that the Landlord has or can get about lead-based paint or lead-based paint hazards in or around the property being rented, the common areas, or other dwellings in multi-family housing. It is also required that the EPA pamphlet be given to tenants before the Landlord starts any major renovations on a pre-1978 structure. The Act does not apply to housing built in 1978 or later.

Lead Warning Statement

Housing built before 1978 may contain lead-based paint. Lead from paint, paint chips, and dust can pose health hazards if not taken care of properly. Lead exposure is especially harmful to young children and pregnant women. Before renting pre-1978 housing, Landlords must disclose the presence of known lead-based paint and lead-based paint hazards in the dwelling. Tenants must also receive a federally approved pamphlet on lead poisoning prevention.

INFORMATION REGARDING MEDIATION

Mediation is a way of resolving problems. A mediator may help the disputing parties reach an agreeable solution without having to involve the courts. Landlord and Tenant may agree to take any disputes arising from this Lease to a mediation program offered by the local association of REALTORS® or to another mediator. Landlord and Tenant can agree to mediation as part of this Lease (by signing a mediation form to attach to this Lease), or they can sign an agreement to mediate after a dispute arises.

INFORMATION REGARDING TENANTS' RIGHTS

Landlord cannot increase rents, decrease services, or threaten to go to court to evict Tenant because Tenant: (1) complains to a government agency or to Landlord about a building or housing code violation; (2) organizes or joins a Tenant's organization; or (3) uses Tenant's legal rights in a lawful manner.

INFORMATION REGARDING MOLD AND INDOOR AIR QUALITY

Indoor mold contamination and the inhalation of bioaerosols (bacteria, mold spores, pollen, and viruses) have been associated with allergic responses including upper respiratory congestion, cough, mucous membrane irritation, fever, chills, muscle ache or other transient inflammation or allergy. Claims have been made that exposure to mold contamination and bioaerosols has led to serious infection, immunosuppression and illnesses of neuro or systemic toxicity. Sampling of indoor air quality and other methods exist to determine the presence and scope of any indoor contamination. Because individuals may be affected differently, or not affected at all, by mold contamination, the surest approach to determine the presence of contamination is to engage the services of a qualified professional to undertake an assessment and/or sampling. Assessments and samplings for the presence of mold contamination can be performed by qualified industrial hygienists, engineers, laboratories and home inspection companies that offer these services. Information pertaining to indoor air quality is available through the United States Environmental Protection Agency and may be obtained by contacting IAQ INFO, P.O. Box 37133, Washington, D.C. 20013-7133, 1-800-438-4318. Tenants should immediately notify Landlord if there is any condition in the Property that may lead to the growth of mold or if the Tenant believes that mold growth is present in the Property.
